

Credit Transfer Agreement

In recognition of the academic standards of the SSNT massage courses the Charles Sturt University has entered into a Credit Transfer Agreement whereby graduates of the Diploma of Remedial Massage and the Diploma of Traditional Chinese Medicine (Remedial Massage) may qualify for the Bachelor of Health Science (Complementary Medicine) conducted by Charles Sturt University by completing 4 additional core units and 4 additional elective units.

This provides SSNT Diploma graduates with a valuable opportunity to enter professional practice with a Degree qualification in Complementary Medicine in addition to their original Diploma, thereby enhancing both their knowledge in the area and their professional credibility as complementary health-care practitioners.
